

## **HOMEWORK TIMETABLE 2018/19**

At Hanson we regard homework as very important. It is set according to the demands of each subject following the homework timetable which is given to every student at the start of the school year.

### **Why we set homework**

Homework is considered to be an integral and necessary part of school work and is a valuable tool in preparation for all external examinations. We believe that the purpose of homework is to allow students to:-

- ✓ Complete and reinforce work already studied and begun in class.
- ✓ To follow their own chosen lines of inquiry.
- ✓ Have the opportunity to prepare work for forthcoming lessons.
- ✓ Organise their time effectively and show a pride in their achievements.

### **What homework should be set?**

- ✓ Written work that extends the learning undertaken in the lesson
- ✓ Reading a prescribed passage, website, text etc. This should be followed up in the next lesson with questions that test their knowledge of the text
- ✓ Research that underpins what the students will be undertaking in the next lesson
- ✓ Revision for a test

### **Monitoring homework**

Homework is monitored in the following ways:-

- ✓ Subject staff will write the homework on the board during the lesson so that students can record it accurately in their planner. This will preferably be near the start of the lesson because this will ensure that questions can be posed regarding its content and also because this will reinforce the need to have planners out on desks. If for any reason homework is not be set e.g. at the end of a unit the students should be asked to record 'none set because.....'
- ✓ Subject staff will carry out checks during lesson time to ensure homework is recorded accurately by students.
- ✓ Subject Staff will record Homework on 'Show My Homework'. (<https://www.teamsatchel.com/>)
- ✓ Heads of Department will monitor 'Show My Homework' to ensure homework is being set.
- ✓ Heads of Department will carry out journal checks to ensure that homework is being recorded by students.
- ✓ Form Tutors will carry out journal checks where they will ensure homework is being recorded and that the journal is maintained.
- ✓ Achievement Mentors & parents will check and sign the journal weekly.
- ✓ We encourage comments from parents about homework, via the journal and in students' exercise books.

If students wish to complete homework at the end of the day we welcome them to use the open computer area and the school library when there are staff available to help. In addition students in the lower school who find it difficult to complete homework on their own can attend 'Homework Clubs' run by the Lead LSAs at lunchtime and after school.
